Please take into account that the mentioned deadline directly depends on the time span between the day of the draw and the date of the match and can therefore vary a little.

### BUSINESS SEATS

We are currently receiving a lot of requests for business seats - we would like to point out that the fewest tickets are available in this category. If you do not agree with an alternative allocation (in most cases we can switch to the foyer / event box), we unfortunately have to cancel.

### NOTE - CREATE REQUEST

You have the possibility to leave a note for us in the comment field in the shopping cart - feel free to use this.

- You are flexible and can set up several match days, but would like to come only 1 time: feel free to submit requests for the possible match days - please enter in the comment field the games for which you are creating requests, with the note to come only one game.
- You do not want to be allocated all areas as an alternative: PLEASE let us know which area you would like to be considered as an alternative, preferably with priority.
