UEFA CHAMPIONS LEAGUE

F.C. COPENHAGEN	29.11.2023	SOLD OUT
-----------------	------------	----------

Requests for possible additional matches will be activated in the request portal shortly after the draw. We will be able to give you an information/estimate of availability approximately 1-2 weeks after the draw, or 2 weeks before the match. Please take into account that the mentioned deadline directly depends on the time span between the day of the draw and the match scheduling and can therefore vary a bit.

PRESENTERBOX

We are still accepting orders. We can give an info until about 3 weeks before the game, occasionally earlier.

NOTE - CREATE REQUEST

You have the possibility to leave a note for us in the comment field in the shopping cart - feel free to use this.

- You are flexible and can set up several match days, but would like to come only 1 time: feel free to submit requests for the possible match days - please enter in the comment field the games for which you are creating requests, with the note to come only one game.
- You do not want to be allocated all areas as an alternative: PLEASE let us know which area you would like to be considered as an alternative, preferably with priority.

TICKET ALLOCATION PROCESS

Ticket processing varies by game and area:

EVENTBOX / FOYER / FRANZ BECKENBAUER LOUNGE

The first 2-3 games in the preliminary round - info until about mid-August

The other games in the preliminary round - info until probably end of September / beginning of October

The games in the second round - from the end of December / end of January

Occasionally, information on a match may be provided at a later date. In any case, you will receive an info with the current processing status no later than 4 weeks before each match.

UEFA CHAMPIONS LEAGUE / DFB CUP

For the possible matches in the UEFA Champions League, as well as in the DFB Cup, we can give an info in all above mentioned areas at the earliest 1-2 weeks after the draw.

PRESENTERBOX

For our presenter boxes, which are designed for 10/15/20 persons and can be booked exclusively for you and your guests, we accept orders for all matches. Due to contractual obligations, however, we can only provide information on availability for this exclusive box 3 weeks before the game at the earliest. If this is not too short notice for your planning, please feel free to submit a request online for the desired game - we will gladly add your request to the waiting list and contact you immediately upon availability.

BUSINESS/SEVEN SEATS

These areas are mainly occupied by season tickets. Occasionally, we have one-day tickets available for free sale. Due to contractual obligations, however, we have to reserve these up to 3 weeks before the match, certain contingents up to 3 working days. Info on these categories is therefore only possible at very short notice. Please also note: Compared to the other areas, we have the smallest contingent of day tickets available here. **As of 10/2023: we are already overbooked for all matches.**

UEFA CHAMPIONS LEAGUE / DFB CUP

For the possible matches in the UEFA Champions League, there are unfortunately no day tickets available in the above areas - in the DFB Cup, only a small contingent, analogous to the Bundesliga.

SPONSORS LOUNGE

This area is reserved for our sponsors. We can provide some tickets for our matches here, but unfortunately we can only provide information about availability during the match week. **As of 10/2023: we are already overbooked for all games.**
